PHILIPS
AVENT

Highlights

Effective sterilization

Natural steam sterilization without chemicals kills 99.9% of harmful germs*. Constant steady steaming lasts for approximately 10 minutes to ensure the efficacy. * *Listeria monocytogenes*, *Enterobacter sakazakii*, *Escherichia coli*, *Staphylococcus aureus*, *Salmonella typhimurium*, *Pseudomonas aeruginosa*, *Streptococcus agalactiae*, *Candida albicans*. The test results are provided by an independent test lab.

Fit different bottle types

Suitable for both standard neck and wide neck bottles. It can hold up to 5 Philips AVENT 330ml bottles and can be used for other products marked sterilizable, such as breast pumps, baby cutleries and soothers.

Easy to clean

The compact base and unique water guiding design make it easy to clean the water residue, which ensures hygiene and convenience in usage

BPA Free

This sterilizer is made from BPA Free materials

Unique lid design

After sterilization and cooling down, the lid can be hanged on the side or placed on a table with the handle facing down to hold the small basket, so it's hygienic and convenient to take the sterilized stuff out.
